Extracts from letters:

Dr. C. A. BRYCE, editor Southern Clinic: "The Syring meets my most sanguine expectations. I find it superior to the majority of preparations. I heartily recommendit to the profession."

Dr. C. E. ANDERSON, druggist, 1412 Broad street: "I have only given it to those who failed to experience any relief from other remedies. It seems to give great relief at night to those unable to sleep on account of pulmonary troubles, whose health im-proved very much under its use."

M. F. PLEASANTS. Esq., clerk Unite States Circuit Court: "After taking a fev small bottles I find myself relieved from: state of pain and annoyance that had causes me for years great trouble and anxiety."

From Mr. 1. COHEN. of Cohen Brothe From Mr. I. COHEN. of Cohen Brothers Fourth and Broadstreets: "I placed it in the hands of an aged servant in the employ of a member of my family, who for several winters had been greatly annoyed by symptom of asthma and bronehali irritation. After taking it for two or three days she became entirely relieved. I have since seen it used in various cases of colds and catarrh, in all of which it proved a speedy and most efficient remedy."

Miss NELLIE THOMPSON. 425 north Sixth street: "After having used everything recommended to me for an apparently incu-rable Cough and Asthma, and finding no relief from any source, I tried your remedy with great skepticism, and to my surprise and pleasure found the relief 1 had sought in vain for nine years."

20 YEARS OF AGONY ENDED. THE CUTICURA REMEDIES TRI-

I have been afficied for twenty years with an obstinate skin disease, called by som M. D.'s pooriest, and others leproy, commencing on my scalp, and in spite of all could do, with the help of the most skilfu doctors, it slowly but surely extended, until a year sgo this winter it covered my entire person in form of dry scales. For the lass three years I have been unable to do any labor, and suffering intensely all the time Every morning there could be nearly dustpanful of scales taken from the shee on my bed, some of them half as large at the envelope containing this letter.

In the latter part of winter my skin commenced cracking open. I tried everything almost that could be thought of without any relief. The 12th of June I started West in hopes I could reach the Hot Springs, reached Detroit, and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister living. One Dr. — treated me about two weeks, but did me no good. Al thought I had but a short time to live. entrestly prayed to die. Cracked through the skin all over my back, across my riss arms, hands, limbs, feet hadly swoflen, toe nails came off, finger-nails dead and hard some hair dead, dry, and lifeless as old straw—Oh, my God, how I did suffer!

My sister had a small part of a box of Cuticura in the house. She wouldn't give my safelied on one hand and one arm Eureka! There was relief—stopped the terribie burning sensation from the work go They immediately got the CUTICURA RE SOLVENT, CUTICURA, and CUTICURA SOAP, I commenced by taking one table spoonful of Resolvent three times a day

They immediately got the CUTICURA RESOLVENT, CUTICURA.
SOAP, I commenced by taking one tablespoonful of Resolvent three times a day after meals; had a bath once a day, water about blood heat, used Cuticura Soapfreely; applied Cuticura morning and evening. Result: Returned to my home in just six weeks from time I left, and my skin as smooth as this sheet of paper.

IN THEIR NEW QUARTERS.

The Mutual Assurance Society of Virginia Their New Building.

The Mutual Assurance Society Virginia are now in permanent quarters in one of the finest structures of the best locality in the city. They were incorporated by act of Assembly December 22, 1794. The plan was sug-gested by Mr. William Frederick Ast, Prussian then residing in Richmond, and is supposed to have been modelled after a system of mutual guarantee introduced by Frederick the Great.

December 24, 1795, the subscribers met in the Capitol and organized by the

election of William Foushee as president. December 18, 1797, Mr. James

Brown, one of the directors, reported to

the Board that he had "effected the

purchase of one of the best fire-engine

on the Continent," and the Board do-

argued in the Circuit Court vesterday nated their compensation towards paying for the engine. "In 1813 the Society bought for \$3,800 part of lot No. 461. corner of Grace and Eighth streets, on which St. Peter's church now stands, for the purpose of building a fire-proof office for the Society and a residence for the principal agent [Mr. Samuel Greenhow then]. In April, 1815, \$10,000 were appropriated, and a committee appointed to contract for building the office, but in August of that year finding a house of Mr. W. C. Williams, on Grace street, which answered the desired purposes, they leased it for a term of five years for \$500 per annum and taxes. The house was the western tenement of two buildings still standing and situate on the south side of Grace between Seventh and Eighth streets. Previously to this date the painted with yellow ochre and situated near the corner of Governor and Franklin streets, opposite to the Whig building. In July, 1833, the lot at the intersection of Grace and Eighth streets

was sold to Rev. Timothy O'Brien for the sum of \$3,000.
"On the 8th of November, 1820, the Society purchased at auction for \$7,775 the property then belonging to John Preston, at the southeast corner of Marshall and Ninth streets. This property, after being occupied by the Society for nearly half a century, was rented out upon the removal of the office, June 10. 1868, to its late location, Tenth and Bank streets, and on March 10, 1870, the old quiet retreat was sold for \$16,-000 to the Catholic Male Orphan Asylum and School Association of Rich-The house at the corner of Ninth and

Marshall streets was built by Mr. Alexander McRae, who was some time a director and president of the standing committee of this Society, and was a leading lawyer of his day. He was a Grand Master of the Masonic Lodge of Virginia, and the associate of Wirt and Hay in the Burr trial. After this purchase by the Society the dwelling was long occupied by Colonel Rutherfoord as one of his perquisites as prinand the 1st of May and playing with cipal agent. It was a lucky thing for the Society that it had its habitation out of the heart of the great fire of April, 1865, as the destruction of its records would have worked an irreparable in-

When the Virginia Home Insurance Company decided to close up business, the Society was advised by their principal officer, Mr. H. A. COMMONWEALTH OF VIRGINIA, OFFICE SEC'Y COMMONWEALTH, RICHMOND, March 7, 1885. Mr. L. D. Minnigerode :

Dear Sir,-I received your favor today and the package of pistol-car tridges made at the laboratory of the Confederate States Army, Richmond, Va. In thanking you for having been considerate enough to place them in the State Library, allow me to say that these cartridges are not only curiosities now, but will increase in interest with the flight of years.
I take pleasure in placing the package

Very sincerely yours,
